# APPLICATION OF EMPLOYMENT

No matter what size  
your event or venue,  
let the cleaning be  
the uneventful part.

A world of experience helps make  
your event or venue shine.

In 1987, Craig Lovett, Founder and Executive Director of the Cleanevent group of companies started a small cleaning business in Australia. With a single-minded goal of delivering quality services to his customers, and a dedicated team around him, the company rapidly grew into the multinational organization it has become today.

As the leading worldwide provider of cleaning and waste management services to the sports and leisure industry, no event is too small and no venue too big for our international team.

Many things have changed at Cleanevent.

The organization has provided cleaning and waste management services to hundreds of clients and millions of patrons around the world. Offices on four continents manage projects large and small across dozens of countries. Sophisticated information technology systems drive timelines, logistics and procurement. In 2005 the group successfully moved into the cleaning of malls and shopping centres around the world. Today we clean more than 36 of the largest and most prestigious properties in the world. The group has a solid finance base as it is co-owned by one of Australia's wealthiest and respected groups.

No matter the size, Cleanevent will keep your event or venue clean and tidy, all day, everyday.

Cleanevent's philosophy of knowing each venue intimately, and looking at it from the patron's perspective, means that every area is inspected and evaluated before an event, and is maintained regularly during the event.

But some things haven't changed.

The team at Cleanevent and CleanDomain still have an obsession with quality and do not rest until their clients are satisfied.

Nothing is overlooked in presenting an event in the best possible way for patrons. If there's rubbish on the ground, it's picked up; if a toilet is damaged, it's fixed; if there's a puddle, we mop it up.

From the Board to the Cleanevent staff, everyone is part of a team committed to your success and driven by a passion for the task - no matter how big, or how small.

From some of the world's largest sports and leisure events, Cleanevent has developed a reputation as the industry leader by approaching every project with pride, passion and professionalism.

From sports management offices in Florida to Australia's premier racetrack museum; from Arsenal's Highbury stadium to the Texas state fair; from motor racing in Dubai to a pedestrian mall in Sydney; and from town halls around the world to the Olympic facilities in Atlanta, Salt Lake, Sydney and Athens - if its in sports and leisure, Cleanevent is there.

#### **Cleanevent venues and events include:**

- amphitheatres
- arenas
- arts centers
- concert halls
- convention centers
- exhibition halls
- cricket grounds
- fairs and festivals
- air shows
- football and soccer stadia
- galleries
- golf majors
- Grand Prix motor racing
- grand slam tennis
- horse racing events
- racecourses

Along the way, we entered new markets, and we have continually raised industry standards for project management and logistics, for the use of innovative technologies, and for excellence in environmental responsibility. The result is an ability to deliver world's best practices to our clients.
